NEW PATIENTS

We provide dental care for adults, both NHS and private and children under the NHS.

OUT OF HOURS SERVICE

Should you require urgent dental care and the practice is closed, please contact 111 who will divert you to the closest service provider. This service is available 7 days per week, including bank holidays.

CANCELLATION

At least 48 hours notice is required for a cancellation.

CAR PARKING

Street parking and a communal car park are a short distance away.

CONFIDENTIALITY

The practice has a policy of patient confidentiality and all information and records are kept securely.

MOBILITY COMPLIANCE

The practice has two ground floor surgeries and so is suitable for the majority of service users.

METHODS OF PAYMENT/CREDIT

We offer a range of payment options, depending on their need. You may pay for your dental care by cash, credit/debit card, Apple Pay or Google Pay. Finance options are available.

CHARGES

Any treatment offered (either NHS or private) will be estimated, discussed and agreed with you in advance. NHS banding charges will apply, please ask for an NHS dental charges leaflet. Private patients can choose to join the Practice Private Dental Plan, an insurance scheme that allows you to spread the cost of your dental care. Ask at reception for more details and a leaflet. We try to make payments as smooth as possible. Our normal policy is that patients are asked to pay a proportion at each visit.

COMPLAINTS

We take every care to provide a high standard of service. However, in the unlikely event of a complaint, this should be addressed to our Practice Manager. An internal complaints procedure exists and your best interests are considered paramount at all times.

TREATING DENTISTS:

Anita Kaila - BDS & MJDF

Scott Williamson - BDS, MSc

PGCImp & MJDF.RCS

Gillian Conway - BDS & MFDS

Our Services

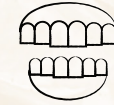

Cosmetic Dentistry

We offer a range of cosmetic treatments all carried out by our expert dentists. We also aim to achieve the best possible aesthetic results for you, our treatments include composite bonding, Invisalign, dental implants, dermal fillers and more. Book a consultation today to find out more.

NHS Dental Services

We provide NHS dental treatment for adults and children. The charge you pay depends on the treatment you need to keep your mouth, gums and teeth healthy. You will only ever be asked to pay one charge for each complete course of treatment even if you visit more than once to complete it. Either Band 1, Band 2 or Band 3.

Flexible Dentures

Flexible partial dentures could be the solution to replace one or more teeth. Unlike more traditional ridged, bulky and unstable dental materials, flexible dentures can adapt to the constant movement and flexibility in your mouth making them both comfortable and aesthetic.

Invisalign

Invisalign uses clear aligners which are discreet and obtain movement in a shorter timescale than conventional metal braces. Our treatment includes whitening and retainers. We are an Elite Invisalign provider.

Facial Aesthetics

Our skin loses hyaluronic acid over time, causing fine lines, wrinkles and folds to appear, accelerated by sun exposure, diet, muscle movement or weight loss. A consultation will determine if dermal fillers or anti-wrinkle treatments are suitable for you.

Teeth Whitening

Teeth whitening is a form of dentistry and should only be performed by a Dentist or another regulated dental professional on the description from a Dentist. Our home whitening kits are easy to use with good results obtained.

Practice Plan

A UK leading private dental plan, tailoring your needs via a monthly payment plan which includes a wide range of treatments and routine hygiene appointments. Please see our website for more information and up to date pricing.

Dental Implants

Dental Implants are titanium screws that are used to replace the root of the tooth when it fails, we can replace one tooth to a full arch of teeth depending on the case. They are restored with crowns, bridges and dentures dependent on each individual case.

Hygienist Appointments

Our registered Dental Therapist is available for private hygiene appointments for either a regular clean or, for an extra cost, a clean that includes air flow stain removal, a safe, quick and inexpensive procedure that restores teeth to their natural colour.
